Dear Parent/Caregiver

## IMPORTANT REMINDER NUT ALLERGIES

There are two children in room 19 who will have a ***life threatening anaphylactic reaction*** if they eat or touch peanuts, cashews or food that may have traces of these nuts. These can be found in muesli bars, snack bars, peanut butter and other food products.

We are trying to reduce all risks to these children and our staff are trained to recognise early symptoms and provide appropriate treatment.

Please keep these allergies in mind when preparing morning tea and lunch for your child.

Any trace of nut oils left on your child's skin may be transferred to other children during play or class time and this may cause an anaphylactic reaction.

If you have any concerns regarding this matter you are welcome to phone the school office.

Yours sincerely,

Stuart Armistead  
Principal
