### **Hamilton Gardens School Trip**

During term 3 R31 has been studying native insects, birds, plants and trees with the purpose of designing our own Aotearoa Garden. To give the students their own personal experience with a range of New Zealand plants and trees we are going to visit The Hamilton Gardens. This trip will be taking place on Thursday 15 September (week 8). I believe it is important that we take advantage of our local resources and that the trip will be very beneficial to the students.

Note: There will be no cost as we will be taking private transport.

To make this trip happen we will need **4** parent helpers to provide transport and supervision.
